

Average Charge by Diagnosis Related Group (DRG) for RML patients

| <u>DRG #</u>                     | <u>Description</u>   | <u>Avg Charge per Case</u> | <u>Avg Charge per Day</u> | <u>Avg Length of Stay (# of days)</u> |
|----------------------------------|--|----------------------------|---------------------------|---------------------------------------|
| <u>Respiratory Program</u>       |  |                            |                           |                                       |
| 207                              | Respiratory System Diagnosis with Ventilator Support > 96 hours    | \$ 270,798                 | \$ 5,286                  | 51.2                                  |
| 189                              | Pulmonary Edema & Respiratory Failure                              | \$ 130,646                 | \$ 4,240                  | 30.8                                  |
| 981                              | Extensive O.R. Procedure Unrelated to Principal Diagnosis with MCC | \$ 360,912                 | \$ 5,180                  | 69.7                                  |
| 208                              | Respiratory System Diagnosis with Ventilator Support <= 96 hours   | \$ 91,237                  | \$ 4,732                  | 19.3                                  |
| 166                              | Other Respiratory System O.R. Procedures with MCC                  | \$ 522,353                 | \$ 5,607                  | 93.2                                  |
| <u>Medically Complex Program</u> |  |                            |                           |                                       |
| 949                              | Aftercare with CC/MCC  | \$ 69,746                  | \$ 3,828                  | 18.2                                  |
| 682                              | Renal Failure with MCC   | \$ 137,165                 | \$ 4,469                  | 30.7                                  |
| 919                              | Complications of Treatment with MCC                                | \$ 298,259                 | \$ 4,272                  | 69.8                                  |
| 177                              | Respiratory Infections & Inflammations with MCC                    | \$ 94,068                  | \$ 3,694                  | 25.5                                  |
| 683                              | Renal Failure with CC  | \$ 89,156                  | \$ 3,997                  | 22.3                                  |
| <u>Wound Care Program</u>        |  |                            |                           |                                       |
| 539                              | Osteomyelitis with MCC   | \$ 118,914                 | \$ 3,504                  | 33.9                                  |
| 579                              | Other skin, subcut tiss & breast proc w MCC                        | \$ 200,537                 | \$ 3,766                  | 53.3                                  |
| 592                              | Skin Ulcers with MCC   | \$ 109,907                 | \$ 3,574                  | 30.8                                  |
| 637                              | Diabetes with MCC  | \$ 138,065                 | \$ 4,325                  | 31.9                                  |
| 862                              | Postoperative & Post-traumatic Infections with MCC                 | \$ 136,391                 | \$ 4,012                  | 34.0                                  |

The charges reflected above represent more than 80% of patients served by RML and are averaged for all patients discharged during RML's most recent fiscal year ended May 31, 2020. Actual charges for any individual patient will vary depending upon the services provided, the patient's length of stay, and the acuity of the patient. Additionally, the charges listed above represent hospital charges only. Physician services rendered at RML are not included in the hospital charges and are billed separately.
